

CALL FOR APPLICATIONS

An immersive tour in the most advanced Italian region in the field of **regenerative and reparative medicine**, with some small digressions in Italian's culture and food .

September 30th - October 2nd 2019

Parma • Modena • Bologna • Faenza • Meldola

Call deadline: July 15, 2019

The Tour

Discover the Regenerative Medicine Ecosystem of the Emilia-Romagna Region. Some companies/organization you will visit: [Holostem Advanced Therapies](#), [Greenbone Ortho](#), [Chiesi Farmaceutici](#), [IRET Foundation](#), [National Research Council](#), [Rizzoli Institute](#), [IRST Institute](#).

Target Group

- Entrepreneurs
- Representatives of pharma and advanced therapy companies
- Researchers looking for collaborations opportunities
- Investors and VCs
- Representatives of research ecosystems including cluster managers, research lab managers, etc.

Call for Applications

The call will fund 15 participants. The call will cover costs for venues, materials, guest speakers, catering during the event and transportation within the region.

Participants will, however, have to cover the costs for flights to and from Italy, as well as other costs not mentioned above (e.g. VISA application costs, health insurance, accommodation, dinners, etc.) by themselves.

Submission Procedure

All applicants must apply through a specific application form ([click here](#)). The call will close on the **15th of July**. Selected participants will receive formal communication on the **20th of July**.
